The New Normal

The devastating effect of the COVID-19 pandemic on California has been felt by all. We are finally emerging from the pandemic as **Recology Vallejo** continues to provide collection service without interruption. **Recology** employees are classified as essential workers. They continue to use determination and ingenuity to meet the challenges that the pandemic brought.

"We focused on the safety of the community and the safety of our employees," explains Tom Phillips, **Recology Vallejo** General Manager. "We all worked together to safely continue all services possible. We are all so proud that collection services have continued uninterrupted during the entire pandemic."

A few **Recology** services were paused or modified during the pandemic. Most of these are now back in either full or modified operation.

The main office in Vallejo remains closed as of this publication, but **Recology** officials are working with State and local authorities to reopen as soon as is deemed safe.

Customers are encouraged to use the website at recology.com for service requests. Customers may also call the office during working hours at 707-552-3110.

"We should be opening the office soon," Phillips explains. "We look forward to resuming in-person service at the office. All of our drivers, office team, recycling crew, maintenance workers, and support team deserve a great deal of gratitude for the great job they did during these difficult times. We all faced this together, and now we are ready for it to all be over. Like everyone else, we are ready to adapt to the 'new normal'."

Recology Rate Relief

Customers enrolled in PG&E's CARE program qualify for discounted

Get Ready for SB 1383

Commercial customers must comply with a host of recycling mandates. Fortunately, **Recology** has experts who are ready to help design a recycling program that works for you.

Recology Waste Zero experts are available to help you comply with upcoming organic waste laws established by Senate Bill 1383. These rules become effective on January 1, 2022, so now is the perfect time to prepare for the new rules. Check the chart on the right for a summary of the regulations.

Recology will help you implement a program that works best for you and meets all the mandated regulations. Get started by contacting a

Waste Zero expert through recology.com or call us at 707-552-3110.

Senate Bill 1383

- Effective on January 1, 2022.
- Requires all commercial customers to subscribe to organic waste recycling service.
- Employees must properly sort materials for recycling and organic waste recycling.
- Recycling bins featuring sorting labels will be required in customer areas.
- Select businesses will be required to participate in an Edible Food Recovery Program.
- Food is the largest single source (15.5%) of all waste in California.
- More than six million tons of food products are discarded in California landfills every year.
- The **Recology** compost facility has been converting food waste and green waste into rich organic compost for years.
