Custom Compost Blends

Don't see what you want on the list? Ask us about our custom-blending service. For a small mixing fee, we can combine any of our products to make the blend that's right for you!

How Much Material Do I Need?

Our staff can help estimate how much product you need. Here's a basic guide of yardage needed to cover 2" deep:

150 sq. ft. = 1 yd³ 300 sq. ft. = 2 yds³

450 sq. ft. = 3 yds³ 1100 sq. ft. = 1 unit

- Step 1 - measure the length and width of each bed (in feet)
- Step 2 - multiply the length x width x depth (convert to feet)
- Step 3 - add the totals together, then divide by 27, this converts the total volume into cubic yards.

Summer Hours

April 1st - September 30th
 Mon - Fri 8:00am - 5:00pm

Winter Hours

October 1st - March 31st
 Mon - Fri 8:00am - 4:00pm

NO returns, refunds or exchanges
All prices are subject to change
Effective October 1, 2022
