THINK GLOBALLY, ACT LOCALLY

4 Ways to Use Water Wisely

REPLACE TURF WITH A NATIVE GARDEN

The “Lawn Be Gone!” rebate program is now available for Burlingame residents. By transforming your water-intensive lawn into a water-efficient landscape, you can receive a rebate of \$2 per square foot, up to \$500 per household. Plus, add a Rain Garden to your project and earn an additional \$300 rebate!

INSTALL A RAIN BARREL

Don't let good water go to waste! Capture rainwater to water your plants and save up to \$200 off a qualifying barrel (limit 2 per single family account or 4 per multi-family or commercial)

USE A SMART IRRIGATION CONTROLLER

The City of Burlingame is partnering with Rachio to offer single family residential customers a discount on the Rachio 3 Smart Sprinkler Controller. This device can create tailored schedules, make automatic weather adjustments, and manage watering your lawn from anywhere with using a smartphone app.

CHECK OUT THE HOME ENERGY & WATER SAVING TOOLKIT

Visit the Burlingame Public Library to check out the Home Energy & Water Saving Toolkit.

This toolkit provides free resources to perform a basic assessment of the efficiency of your home energy and water use.
